

MS IN CYBER SECURITY ENGINEERING

DEGREE PLAN

Program Start: Fall 2027

This degree plan is for students beginning the on campus, full time MS in Cyber Security Engineering (MSCSE) program in the Fall 2027 term. This plan assumes that students will complete their degree in four (or five with CYBR 505) consecutive semesters and do not take a leave of absence from their program. Taking a leave of absence will change the degree plan and delay the anticipated program completion.
